**AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR AN ADMINISTRATIVE SEARCH WARRANT**

I, Anthony Todd Williams Jr., being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I make this affidavit in support of an application for an administrative search warrant to search the following premises and seize the items listed in Attachment B:
 - a. The business is located at 108 Morris Tullos Drive, Morton, Mississippi 39117, and its curtilage and outbuildings, appurtenances, and attached and detached garages and vehicles and trailers located on such curtilage, including any and all parking lots and persons inside vehicles; more particularly described in Attachment A.
2. This affidavit is submitted in support of an application, pursuant to Title 8, United States Code, Section 1357, for a warrant to search the premises of Koch Foods of Mississippi, LLC (108 Morris Tullos Drive, Morton, Mississippi 39117) for undocumented illegal aliens.
3. I am a Special Agent with Homeland Security Investigations ("HSI"), within United States Immigration and Customs Enforcement ("ICE"). I am assigned to the Office of the Resident Agent in Charge, Jackson, Mississippi. I have been trained specifically in the investigation and elements of federal crimes at the Federal Law Enforcement Training Center at

Glynco, Georgia. I hold Bachelors of Art and Masters of Science degrees in Criminal Justice from the University of Southern Mississippi. I am also a graduate of the United States Border Patrol Academy at the Federal Law Enforcement Training Center in Artesia, New Mexico. I have approximately 10 years of experience as a federal law enforcement officer and criminal investigator.

4. My experience as a federal law enforcement officer and criminal investigator includes the investigation and prosecution of violations of criminal laws relating to unlawful entry, employment, and physical presence in the United States of individuals subject to the Immigration and Nationality Act. My current duties include conducting criminal investigations of violations of Federal Statutes and administrative violations of the Immigration and Nationality Act and Title 8 of the United States Code.

5. This affidavit is intended to show only that there is sufficient probable cause for the requested warrant and does not set forth all of my knowledge about this matter. This affidavit is based on my knowledge arising from my participation in this investigation; upon information provided to me by other Homeland Security Investigations (HSI) agents, law enforcement officers and government officials jointly participating in this investigation. Because this affidavit is being submitted for the limited purpose of establishing probable cause for the issuance of a search warrant, it does not contain every fact known to me or other agents of HSI.

6. Based on my training and experience and the facts as set forth in this affidavit, there is probable cause to believe undocumented illegal aliens are present at Koch Foods of Mississippi, LLC. There is also probable cause to search the premises described in Attachment A for evidence of these crimes and contraband or fruits of these crimes, as described in Attachment B.

ADMINISTRATIVE PROBABLE CAUSE

7. Koch Foods of Mississippi is a division of Koch Foods. Koch Foods is headquartered in Park Ridge, Illinois. Koch Foods is a leading poultry processor in the United States with locations across Alabama, Georgia, Illinois, Mississippi, Ohio and Tennessee. HSI Jackson has recently received numerous HSI Tip Line leads suggesting Koch Foods (a chicken processing company with a large industrial footprint in the state of Mississippi), is knowingly hiring and employing illegal aliens and/or subjects without employment authorization from the Department of Homeland Security. Initial queries within HSI and ICE databases revealed numerous historical encounters (from September 10, 2002 to April 13, 2019) and administrative arrests, of subjects illegally present in the United States that claimed to be employed by Koch Foods in Mississippi.

ALTERNATIVES TO DETENTION

17. ICE routinely utilizes the Alternatives to Detention (ATD) Program for subjects in ICE custody. The Alternatives to Detention Program is a flight-mitigation tool that uses technology and case management to ensure compliance with release conditions and facilitate alien compliance with court hearings and final orders of removal while allowing aliens to remain in their community contributing to their families, community organizations, and, if necessary, wrapping-up their affairs in the United States as they move through immigration proceedings.

The ATD Program is not a substitute for detention nor is it used as a removal tool; however, the program may be appropriate for an alien who is released pursuant to: an Order of Release on Recognizance (OREC), an Order of Supervision (OSUP), a grant of parole; or a bond (unless the immigration judge or board of immigration appeals has determined custody and did not include ATD as a provision). To be eligible for the ATD program participants must be adults 18 years of age or older, be removable, and be at some stage of immigration proceedings. The ATD Program supervises participants, with contractor support, utilizing a combination of home visits, office visits, alert response, court tracking, and technology. The current government contractor (BI Inc.) for ATD operates under the Intensive Supervision Appearance Program (ISAP). The contract known as ISAP III allows ATD officers the ability to determine the frequency of home and office visits, types of technology, telephonic, GPS or SmartLink, court and alert management. Case management levels and technology assignment can be reviewed and adjusted by the ATD officer at any time depending upon change in circumstances and compliance.

18. The ATD Program utilizes three (3) different forms of technology that help monitor participants while enrolled in the program. The forms of technology include:

- a. Telephonic reporting utilizes a participant's voice to create a biometric voiceprint during the enrollment process, every time the participant calls in his/her voice is compared against the voiceprint.
- b. GPS monitoring requires at least three (3) satellites to locate a unit attached to the participant's ankle. When a participant is within range of more than three satellites a GPS unit give more accurate data regarding the participant's location.

- c. SmartLink enables ATD officers and case specialists to keep participants focused on the conditions of release via their smartphone or tablet, they are able to verify a participant's identity, determine their location, and quickly collect status change information.

19. Enrollment in the ATD program does not grant any immigration benefits including employment authorization.

BAMACA-Gonzalez was also required to take a urine test as part of the application. At the time of employment, BAMACA-Gonzalez was not authorized to work in the United States by the United States Department of Homeland Security (DHS) and provided Koch Foods with a fraudulent identification card and social security number (SSN). BAMACA-Gonzalez was hired under the assumed identity of Juana Becerra (SSN XXX-XX-4221). BAMACA-Gonzalez was hired the same day, was issued an employee ID card with no photo on it and started working immediately. BAMACA-Gonzalez was assigned to work day shift and remained working at the plant for approximately 11 months as Juana Becerra.

27. BAMACA-Gonzalez applied and received permission from DHS to work in the United States. 28. Subsequently, BAMACA-Gonzalez explained to SA Williams and DO Ayala that she went back to the Win Job Center in Forest and applied for a job at Koch Foods with her real identity. BAMACA-Gonzalez was called on a Wednesday and was told to report the next Friday for an interview at Koch Foods (plant is located on Koch Dr.) in Morton, MS. BAMACA-Gonzalez, without formally quitting, stopped going to work to the Morris Tullos Dr. plant and went to her interview. to prior employment and was hired to work day shift. BAMACA-Gonzalez was instructed to report to work the next Monday at the plant. BAMACA-Gonzalez then returned to the plant in Morris Tullos Dr. to pick up her check under the name of Juana Becerra and was not asked anything about not showing up to work.

The report shows that for the 3rd quarter of 2018, Juana M. BECERRA with the corresponding SSN XXX-XX-4221, was paid a total wage of \$2,575.05 by Koch Foods.

31. On May 7, 2019 SA Williams, SA Brent Young and DO Ayala conducted an interview of Ana SANTIZO-Tapia at the HSI Jackson, Mississippi office. During the interview

SANTIZO-Tapia provided information related to her employment at the Koch Foods plant located at 108 Morris Tullos Dr., Morton, MS 39117.

32. Ana SANTIZO-Tapia is a citizen and national of Guatemala who is currently illegally present in the United States. SANTIZO-Tapia was arrested on September 10, 2016 furthering her illegal entry in to the United States and was released from custody pending removal from the United States. 34. SANTIZO-Tapia stated that she is working under the assumed identity of Maria GOMEZ and is currently assigned to work nights from 10:00 pm to 8:00 am. Her unit is responsible for assembling cardboard boxes that are later used by the plant. DO Ayala verified the fraudulent name (assumed identity, Maria GOMEZ) used by SANTIZO-Tapia and discovered it on the MDES, Employer's Quarterly Wage Report, 4th quarter of 2018, for Koch Foods of MS LLC (MDES number 62-02110-2-00). The report shows that for the 4th quarter of 2018, Maria GOMEZ with the corresponding social security number XXXX-XX-4737, was paid a total wage of \$8,153.54 by Koch Foods (as reported to MDES by Koch Foods).

35. SANTIZO-Tapia explained to SA Williams, SA Young and DO Ayala that she bought the assumed identity from an unidentified Hispanic male that lived in Forest, MS. According to her, she was sold a small birth certificate and a Social Security Identification Card (SSID) for \$800.00 US Dollars (USD). Once she paid for said documents, then the same

Hispanic male made her a counterfeit identification (CID) with the assumed identity and her photo for \$150.00 USD.

36. SANTIZO-Tapia further explained that the first time she went to apply for employment at Koch Foods in Morton, MS she used a different identity (not Maria GOMEZ). She was told by a Human Resources (HR) employee (unidentified female) at the plant that if the “papers” were not good, she was not going to be hired. The HR employee, who spoke Spanish, took the documents and a short time later returned and informed SANTIZO-Tapia that her documents were not good and couldn’t be hired. Approximately three weeks later, SANTIZO-Tapia returned to Koch Foods to apply for employment a second time. This time she provided the CID with the name of Maria GOMEZ to the same HR employee. The HR employee took the documents, processed her application and informed SANTIZO-Tapia that she could now start working at the plant. SANTIZO-Tapia stated that even though she returned to the plant within three weeks and used two different identities, the HR employee did not ask anything related to her identity.

37. SANTIZO-Tapia also stated that during her interview, she was asked by a supervisor if she had an ankle bracelet. SANTIZO-Tapia told the supervisor that she had one and he said it was okay, but she needed to keep it charged. The supervisor, who she identifies as a black male, stated that he knew “they” were poor and came to the United States to work.

38. Queries of ICE, United States Department of State and open source databases revealed that a person by the name of Maria Guadalupe GOMEZ, born on October 8, XXXX in Texas and with social security number XXXX-XX-4737 currently resides in the State of Texas. Records also revealed that GOMEZ has a pending United States Passport application with the

United States Department of State, a State of Texas issued driver's license and is registered to vote.

39. This affidavit is being submitted simultaneously with a criminal warrant for inspection to search at Koch Foods of Mississippi, LLC, located at 108 Morris Tullos Drive, Morton, Mississippi 39117, for evidence of unlawfully employing illegal aliens.

CONCLUSION

40. Based on the facts and information as stated in this affidavit and my training and experience, I submit that this affidavit supports probable cause for a warrant to search the PREMISES described in Attachment A and seize the items described in Attachment B.

41. Based upon my training and experience, combined with the facts and observations set forth in the foregoing paragraphs, I have reason to believe that undocumented illegal aliens are present at 108 Morris Tullos Drive, Morton, Mississippi 39117.

42. In consideration of the facts presented, I respectfully request that this Court issue a search warrant for the premises located at 108 Morris Tullos Drive, Morton, Mississippi 39117, and all appurtenances thereto as more fully described in Attachment A and authorize the seizure of the items described in Attachment B to this Affidavit.

REQUEST FOR SEALING

43. I further request that the Court order that all papers in support of this application, including the affidavit and search warrant, be sealed until further order of the Court. These documents discuss an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may seriously jeopardize that investigation.

Respectfully submitted,
